Print ISSN: 2251-3612 • Online ISSN: 2251-3620

Aims & Scope

The *Global Journal of Economics* is an international quarterly journal, which publishes high-quality scientific papers related to the global economy and relevant economic theories. Theoretical and empirical papers on international economics and cross-country studies and analysis are especially welcome. The journal aims to improve our understanding of the global economy and relations among economies, and to advance the frontier of economic theory.
